ABSTRACT

(72) Inventor: **Yusuke YAMADA**, SHIOJIRI-SHI (JP)

(21) Appl. No.: **18/153,757**

(22) Filed: **Jan. 12, 2023**

In a display method, a viewing screen including a first reduced-size image bundle, which is a bundle of one or more first reduced-size images obtained by reducing in size each page of a document file, and the document file is displayed on a display surface; in response to receiving a pinning operation of pinning a page included in the document file, the selected page of the document file is registered as a pinned page; and a controller causes a second reduced-size image bundle, in which each page of the document file is more reduced in size than in the first reduced-size image bundle, to be displayed as an icon on the display surface.
