Related U.S. Application Data

(63) Continuation of application No. 17/929,519, filed on Sep. 2, 2022, now Pat. No. 11,950,470, which is a continuation of application No. 16/800,652, filed on Feb. 25, 2020, now Pat. No. 11,437,460.

Foreign Application Priority Data

Feb. 27, 2019 (KR) 10-2019-0023263

A display device comprising: first and second pixels; a first data line connected to the first pixel and configured to have data voltages applied thereto; and a second data line connected to the second pixel, the second data line being adjacent to the first data line, and configured to have the data voltages applied thereto, wherein the first data line includes a 1A-th data line which is in a first data layer, and the second data line includes a 2B-th data line which is in a second data layer different from the first data layer.
